## HOW TO REACH THE 'AUTODROMO' OF MONZA FOR THE F1 GP

29 July 2016

Monza Mobilità, together with the municipality of Monza, manages the connection services to the GP circuit, thus creating a direct, fast, and frequent connection: there are no intermediate stops between external parking areas and the circuit.

The advantage is that buses follow especially-created runs in the Monza park in order to avoid traffic. The three available shuttles are in function Friday, Saturday, and Sunday until the end of the event and connect the various parking areas with the 'autodromo'.
